

# CHÂTEAUNEUF-DU-PAPE

## ELIXIR DES PAPES

### VARIETAL

100% GreenBlack ache

### LOCATION

The estate is located on the left bank of the Rhône between Châteauneuf-du-Pape, Courthézon and Orange to the north, on the Coudoulet terroir.

### GROUNG

This plot comes from the clay-limestone terroir of Coudoulet, covered with rolled pebbles that make our wine famous.

### WINEMAKING

The vinification benefits from modern equipment, pneumatic press and scraper for certain cuvées; close themations are carried out under temperature control using cold equipment. This method of vinification allows us to have more fruity wines as well as better conservation.

### TASTING

Ample, full-bodied and structured, these are wines with a powerful and complex bouquet. 100% Grenache, this wine is distinguished by its aromatic intensity. Its fruitiness extends into a round mouth with a structured attack and good length. Ample and fat, this wine combines power and finesse.

### SOMMELIER'S ADVICE

Decant it or serve it at room temperature at 17 to 18°C. They are remarkable companions for meats, game and cheeses.
