

CÔTE DU RHÔNE

QUEEN OF VINES

VARIETAL

70% Clairette pink, 30% Grenache

LOCATION

The estate is located on the left bank of the Rhône between Châteauneuf-du-Pape, Courthézon and Orange to the north, on the terroirs of Husson.

GROUND

Our vineyard extends over clay-limestone soils of the alpine diluvium with a high proportion of rolled pebbles which make the reputation of our wine.

WINEMAKING

The vinification benefits from modern equipment, pneumatic press and scraper for certain cuvées; Fermentation takes place under temperature control using cold equipment. This method of vinification allows us to have more fruity wines as well as a better conservation.

TASTING

Summer heat predisposes rosé wines to a structure characterized by their balance and roundness. This aromatic wine elegantly develops aromas of blackberry and blackcurrant. It offers a mouth with perfectly controlled power. A beautiful general harmony marked by freshness.

SOMMELIER'S ADVICE

Serve it chilled at a temperature of 12 - 14°C. This wine will accompany fish in sauce as well as grilled meats and red meats.
